JOHN REY DALANGIN

BS COMPUTER ENGINEERING

PERSONAL PROFILE

I am an ambitious and motivated individual with a passion for success. With a strong academic background in Computer Engineering, I am equipped with the skills and knowledge necessary to excel in web development.

As a self-starter, I thrive in fast-paced environments and am comfortable working both independently and as part of a team. I am a natural problem-solver and have a keen eye for detail, enabling me to identify and resolve issues quickly and efficiently. Additionally, I possess excellent communication skills and am able to build strong relationships with colleagues, clients and customers alike.
